variazioni metalliche

OUR STORY

Da 10 anni Cromas è il produttore delle vernici speciali italiane sinonimo di originalità, creatività e coraggio nell'innovazione. Tutte le finiture sono il risultato di un'attenta ricerca del laboratorio R&D Cromas in concertazione con designers, architetti e artisti. La grande esperienza Cromas spazia dal campo della verniciatura industriale all'arredamento, dall'architettura e all'automotive e permette di applicare soluzioni innovative d'avanguardia in vasti campi. Alta qualità dei materiali e artigianalità nell'applicazione rendono possibili risultati altamente personalizzati in risposta alle più svariate richieste.

For 10 years, Cromas Paints has been the Italian specialty paint brand that is synonymous with originality, creativity, and the courage to innovate. Our team is highly skilled in the field of paints for furnishings, automotive, architecture, and industry. This vast experience in the science and application of paints allows Cromas Paints to provide personalized services to customer requests. All the specialty paint finishes are the result of our research and development in association with architects, designers, and artists. The combination of our professional quality paint materials and the craftsmanship of our client applications allows the paint effects to be customized for a variety of surfaces.

VARIAZIONI METALLICHE

Le nostre vernici metalliche con effetti bruniti e anticati sono progettate per ottenere risultati di forte impatto visivo creando sulle superfici un aspetto fortemente realistico. "Variazioni Metalliche" riveste le superfici del fascino del tempo nella sua versione più originale e sorprendentemente attuale. La semplicità nell'applicazione consente il loro utilizzo su una vasta gamma di materiali, dal legno al metallo e la loro versatilità li rende ideali negli ambiti dell'architettura dell'arredamento e del design, sia in lavorazioni artigianali che industriali.

This unique line of Aged Metal paints lets your creativity be free with different combinations of metallic paints and coloured patinas to give surfaces like wood, metal, and plastic a very realistic antique metal effect. The metallic paints and patinas are easy to apply with a professional type spray gun to produce a smooth surface suitable for many types of furnishings, architectural surfaces, and commercial products.
